Message #1 - Public Health Crisis
Message #2 - Stay Focused and Engaged

MESSAGE FROM OUR CHAIR - MAY EDITION

By Kim Savage, Chair

Message #1 - Public Health Crisis:

Who would have guessed that we would still be mostly at home in May? This is the month where teachers are traditionally challenged with keeping students focused on school, competing with the lure of warm weather and the anticipation of summer vacation. This year, parents are already experiencing this phenomenon while they are trying to work from home and monitoring e-learning. Teachers are challenged with adapting curricula to keep their students engaged and progressing. Thousands of store clerks, restaurant employees, food processing plant workers, delivery drivers, warehouse workers, transportation workers, sanitation workers, and other essential service employees put their lives at risk every day to keep our country supplied with food and other necessities. Nurses, doctors, and other health care workers, as well as first responders are stretched to capacity and urge us to continue to stay home so they can save lives.

Message #2 - Stay Focused and Engaged:

While we have been distracted by the need to stay safe, the Trump administration has continued to attack our democracy. We need to be watchful and continue to contact elected officials in Congress and the Illinois legislature to ensure our freedom is not abridged. Just this month, the Department of Justice decided to drop Michael Flynn's case, the Trump administration has asked the federal court to throw out the lawsuit filed by three attorneys general to add the ERA to the U.S. Constitution now that it has been ratified, Trump and the GOP are trying to curb voting rights by limiting vote by mail and early voting, the Senate convened to approve federal judicial appointments of unqualified people, and Trump's attorneys are still trying to block release of his tax records. Keep contacting your elected officials! We cannot sit on our hands.

DGTDO OFFICE

DGTDO OFFICE: HELP KEEP THE LIGHTS ON.

By Joanna Williams

So, many thanks to all of our loyal contributors and Office Pledge donors!

But of course under the Covid 19 restrictions, we are not meeting in person, so our receipts are dropping off – no Pass the Hat and no events like our Annual Beerfest, Summer Picnic and probably no Wine Tasting.

For the first 4 months of the year, our 2020 receipts are 72 % of last year's for the same period while our regular expenses for rent and utilities continue at the same level. We are also gearing up for the 2020 campaign and hope to have the resources to do a number of mailings.

Which is to say – if you are able to give a little bit extra – thank you! DGTDO, PO Box 785, Downers Grove 60515, or drop by the office and drop a check off in the office mail slot. And we understand that for many even a little extra \$ is not possible so don't forget there are lots of other volunteer opportunities.

Thanks for all you do!

THANK YOU SARBANI!!

Thank you **Sarbani Roy Chowdhury** for her generous donation to the DGTDO Office of 8 chairs and a computer. The chairs are far more comfortable than our folding chairs and the computer has a really nice monitor. It's big!

Also, thanks to **Paul Farber** for setting up the computer to get it ready to go for when we are able to open up the office again.

We have amazing people in our township!!

PC CORNER

IMPORTANT INFORMATION FOR PRECINCT COMMITTEEPERSONS.

By Chris Hotchkin

Elected Precinct Committeepersons should have received a packet from the County Clerk that includes a current voter list that designates who voted in the 2020 Democratic Primary. You can use this list to thank your 2020 Democratic voters, either with a hand-written post card or phone call. Here is a sample of a simple script: "Thank you for voting in the 2020 Primary Election and for voting a Democratic Ballot. We know it might have taken an extra effort to vote in this election and we congratulate you for being a good citizen. Please go to www.dgdemocrats.org for more information."

The packet from the County Clerk also contains

a form for certifying election judges. This is something we need to do every two years. Your packet contains a list of people who are considered Active judges, those who have been Election Judges in the past, and those who have expressed interest in serving. You should contact these people to see who wishes to be certified as an Election Judge. One of your privileges as a PC is to appoint Election Judges to be certified. If there is anyone on the list who you do not think should be a judge, for whatever reason, you do not have to appoint them. Similarly, if there is someone in your precinct who is not on the list, and you are aware that they are interested in serving, you absolutely may appoint them.

In your packet is a green form, with different colored copies attached, which you will use to appoint your judges. You do not need to have 5 judges listed—just do the best you can. You might want to contact some of the strong Democrats in your precinct to ask if any voter in the household would like to serve as an Election Judge. Once you have filled out the form, please either mail it to DG Twp. Democrats, P.O. Box 785, Downers Grove, 60515 or slip it through the mail slot at our office at 908 Curtiss, Downers Grove. Kim asks that we get these delivered by May 30.

RESOURCES AVAILABLE FOR PRECINCT COMMITTEEPERSONS.

By Sue Sitton

There are several resources that can be useful to PCs. Here's a summary of the information:

[Election Commission List](#): (for help: Paul Farber paulsfarber@gmail.com)

- Registered voters and voter history (2010 to 2020 elections) in Excel format
- Paul created a score on a scale from “6” to “-6” that indicates Strong Democrat (6) to Strong Republican (-6)

[Vote Builder List](#) – (for help: Sue Sitton sasitton@aol.com)

- 2020 Primary Election results will not be loaded until June or July
- “DNC Score” can now be printed on the lists and we can easily compare it to a voter’s voting pattern. Score of 80+ is a strong indicator that a voter is a Strong Democrat. As we get closer to the November election, we can run lists with a lower score to identify more moderate voters.
- Vote Builder data can be exported to

Excel. This report includes all emails (e.g., personal, preferred) and phone numbers (e.g. cell, home) that are in Vote Builder.

[Vote Builder Access](#) – (for help: Sue Sitton sasitton@aol.com)

- If you would like to have access to Vote Builder, let us know
- Set up your ActionID and you're ready to go: look up voters, create lists, update email information and more

Minivan app

- Download the app to your phone
- Vote Builder lists can be loaded (use the number at the bottom of the page)
- Allows you to track voter contacts (e.g., Not Home, Refused) and you can enter emails, phone numbers, etc. as you get the information
- Once you "sync" your data, Vote Builder will be updated

We are here to help!!

POSTCARDS TO WI AND MI

By Reid McCollum

Hand-writing postcards to voters is the gateway to activism. It is easy, fun, cathartic, inspirational, an outlet, and it matters. If my goal were to eventually convince you to give door-to-door canvassing a try, my first ask of you would be to write postcards.

I co-founded Postcards to Wisconsin, which organized tens of thousands of volunteers in 46 states to write 603,000 postcards to voters in only 9 weeks ahead of the Wisconsin primary in April. We knew from the success of using postcards in IL06 in 2018 that volunteers love to write them. But I was blown away at how quickly the project grew, with grassroots groups spreading the word far and wide, largely on social media. And many in DGTDO helped a lot. Dozens of volunteers within the township helped on the back-end to prep and ship orders. Some are PCs, and others are people on neighborhood grassroots email lists.

Now our sights are set on sending over 2 million postcards to voters in both Michigan and Wisconsin for November. We started taking orders on May 1, and by May 10 we already had 660,000 postcards ordered!

Here's how it works. Volunteers sign up at www.postcards2WI.com and pick between two messages, as well as if they want to write to voters in Wisconsin or Michigan. We ship the postcards for free, along with addresses and instructions. The minimum order is 200 postcards, and volunteers are responsible for providing the \$0.35 postcard stamps. Once the cards are written, everyone holds onto them until October and mails them according to the instructions. There's a helpful frequently asked questions section at www.postcards2WI.com/faq, which explains the messages and a lot more.

CARES? HOW MUCH REALLY?

By Mary Coen

The New York Times May 16 edition has a front-page article “DeVos Funnels Coronavirus Relief Funds to Favored Private and Religious Schools” – another (mis)use of CARES funds. Turns out \$30 billion of the original fund went to education (i.e., DeVos), and she wants to give it out to use as vouchers. Her continued attempt to privatize education and to destroy our public education system. This is just one way the GOP is hijacking CARES funding.

The bill labelled "CARES", short for Coronavirus Aid Relief and Economic Security, (got to love those alphabet soups when they can be made to spell something feel good), known to most of us as the 'stimulus package' was signed into law on March 27,2020. At the time most of us were dealing with the results of a great upheaval in our daily lives – shelter-in-place and weren't very concerned about the details of the bill except where it affected our bank account. It wasn't until just less than three weeks later when we learned that the loan money meant for small businesses was almost gone - and much of it to LARGE businesses, that we perked up our ears and asked what was going on.

So here is a summary:

The bill allotted \$2 trillion for immediate use, \$500 million for corporate loans, \$349 million for small business loans, \$150 million for public health needs and \$300 million for stimulus checks (you know, the part you remember). It also enhanced some existing programs such as extending unemployment benefits and changing tax day to July 15.

WHAT'S NEXT? HEROES ACT?

*The **Heroes Act** is on the line and on its way to the Senate. Call your legislators to support this bill. The following is Indivisible Project's May 15 statement on passage of the Heroes Act.*

FOR IMMEDIATE RELEASE

May 15, 2020

Contact: Emily Phelps | press@indivisible.org

Washington, DC — Today, Angel Padilla, National Policy Director for Indivisible, issued the following statement:

"Today, with the House passage of the Heroes Act, we are a step closer to the type of response we deserve from our government--one that is competent and recognizes the realities of this national emergency.

"The Heroes Act would provide the funding necessary to secure our elections, extend the disaster unemployment insurance that is keeping millions afloat, and would expand protections for frontline and essential workers. And, despite Republican efforts to strip them, it would also provide protections and support for immigrant families that so far have been left out of Congress' relief packages.

"We support this bill, but admit it still contains major room for improvement, particularly in protecting paychecks and expansions to health care coverage. We will continue to fight for those improvements while working to ensure its strong provisions remain intact when the bill meets the Grim Reaper in the Senate."

VOTE BY MAIL. STAY INFORMED. EDUCATE VOTERS.

Illinois legislators are going to Springfield on May 20 for a short session. Passing a budget will be the priority. Legislation relating to Vote by Mail (VBM) is expected to also be a priority. At this point, it is not clear what changes will be made to Illinois' VBM process, but what we do know is that there will be significantly more VBM ballots processed in the November election.

At this point the key dates to remember are:

- **August 5** – First day to request a Vote by Mail ballot
- **September 24** – First day Vote by Mail ballot will be mailed to the voter
- **November 3** – Last day for postmark on Vote by Mail ballot

Together we will need to stay up to date on changes, to educate voters about the VBM process and to encourage voters to use VBM for the General Election.

Stay tuned for updates.

REMINDER: SAVE THE US POST OFFICE! VOTE BY MAIL DEPENDS ON IT!

According to the April 11, 2020 [Washington Post](#) article ([link](#)), due to the disruptions from COVID-19, the USPS could be “financially illiquid” by September 30. **Now** is the time to **take action** to support the US Post Service. To successfully expand Vote-by-Mail in November, USPS funding and stability is critical. **Make a call today** to Congress and tell them to **Save the Post Office**.

LIBERALS BOOK CLUB. ZOOM STYLE.

By Patty Gabris

The May meeting has been postponed to June due to us staying at home. The hope was to meet in person in June but we do not want to rush anyone to gather before they are ready. So, we will have our first ever zoom-style book club even if we are allowed to move outside our homes.

Join the Liberals Book Club at 7pm on June 11, 2020 via zoom to discuss Jon Meacham's *The Soul of America*. Social time to follow the book discussion. Please send your email to pgjpk1@gmail.com to receive an invitation to the meeting. (If you are unfamiliar or uncomfortable with zoom meetings, send an email as I have a couple people willing to help you work through the setup and attend the book club.)

Our current climate of partisan fury is not new, and in *The Soul of America* Meacham shows us how what Abraham Lincoln called the “better angels of our nature” have repeatedly won the day. Painting surprising portraits of various presidents, and illuminating the courage of such influential citizen activists as Martin Luther King, Jr., early suffragettes Alice Paul and Carrie Chapman Catt, civil rights pioneers Rosa Parks and John Lewis, First Lady Eleanor Roosevelt, and Army-McCarthy hearings lawyer Joseph N. Welch, Meacham brings vividly to life turning points in American history. He writes about the Civil War, Reconstruction, and the birth of the Lost Cause; the backlash against immigrants in the First World War and the resurgence of the Ku Klux Klan in the 1920s; the fight for women’s rights; the demagoguery of Huey Long and Father Coughlin and the isolationist work of America First in the years before World War II; the anti-Communist witch-hunts led by Senator Joseph McCarthy; and Lyndon Johnson’s

crusade against Jim Crow. Each of these dramatic hours in our national life have been shaped by the contest to lead the country to look forward rather than back, to assert hope over fear—a struggle that continues even now.

- It provides a much-needed base for conducting campaigns and the other activities of our organization.
